Forecast For Northwest England
Issued by Met Office Exeter
at 1600 on Saturday 13 Feb 2021

++ Valid for broadcast between 1800 and 0600

Headline:
Windy and cold, with a risk of ice.

This Evening and Tonight:
A cold and murky evening. Winds remain strong, with coastal gales. Isolated showers of snow, rain, and sleet move in, giving a risk of ice patches as well as a frost. Minimum temperature -2 deg C (28 deg F).

Sunday:
Cloudy with frequent bouts of rain, freezing rain, and occasional sleet and snow, heavy at times, creating icy stretches. Winds remain strong with gales in exposed areas. Turning milder later. Maximum temperature 7 deg C (45 deg F).

Outlook for Monday to Wednesday:
Risk of fog on Monday morning, then largely dry with isolated showers. Windier on Tuesday with sunshine and showers, perhaps heavier overnight. Windy and mainly dry on Wednesday. Mild throughout.
